a 2017 choice outstanding academic title intersectionality intervenes in the field of intersectionality studies the integrative examination of the effects of racial gendered and class power on people s lives while intersectionality circulates as a buzzword anna carastathis joins other critical voices to urge a more careful reading challenging the narratives of arrival that surround it carastathis argues that intersectionality is a horizon illuminating ways of thinking that have yet to be realized consequently calls to go beyond intersectionality are premature a provisional interpretation of intersectionality can disorient habits of essentialism categorial purity and prototypicality and overcome dynamics of segregation and subordination in political movements through a close reading of critical race theorist kimberlé williams crenshaw s germinal texts published more than twenty five years ago carastathis urges analytic

clarity contextual rigor and a politicized historicized understanding of this widely traveling concept intersectionality's roots in social justice movements and critical intellectual projects specifically black feminism must be retraced and synthesized with a decolonial analysis so its radical potential to actualize coalitions can be enacted

we live in a world of rapidly growing gaps between rich and poor in the rich parts of the world new resource consuming devices are launched every year but at the same time about a fourth of the world's population does not have access to clean drinking water and more than half lack safely managed sanitation what role does technology have in these growing global inequalities is technological development the root cause of inequality or is the unequal distribution of technology just a mirror of social inequities that have other causes and can new technologies be instrumental in making the world less unfair in technology and equality these issues are addressed from a wide range of perspectives by scholars in disciplines such as history sociology gender studies anthropology economics law ethics and philosophy case studies highlight technology related inequalities for instance in climate mitigation public transport access to water waste management sanitation air pollution healthcare digital communication and law enforcement the more theoretical chapters provide tools and concepts that are helpful for analyzing and understanding the relationships between technology and inequality in other applications and in more general perspectives

a history of the activism that made public spaces in american cities more accessible to women from the closing years of the nineteenth century women received subtle and not so subtle messages that they shouldn't be in public or if they were that they were not safe breaking the gender code tells the story of both this danger narrative and the resistance to it historian georgina hickey investigates challenges to the code of urban gender segregation in the twentieth century focusing on organized advocacy to make the public spaces of american cities accessible to women she traces waves of activism from the progressive era with its calls for public restrooms safe and accessible transportation and public accommodations through and beyond second wave feminism and its focus on the creation of alternative women only spaces and extensive anti violence efforts in doing so hickey explores how gender segregation intertwined with other systems of social control as well as how class race and sexuality shaped activists agendas and women's experiences of urban space drawing connections between the vulnerability of women in public spaces real and presumed and contemporary debates surrounding rape culture bathroom bills and domestic violence hickey unveils both the strikingly successful and the incomplete initiatives of activists who worked to open up public space to women

revised edition of feminist frontiers c2012

this essential handbook provides researchers educators and policymakers with the tools and critical reflections needed to navigate the complexities of gbv research from conceptualisation and fieldwork to dissemination and impact carefully curated essays from leading scholars and practitioners in the field examine the interconnected epistemological methodological and ethical dimensions of gbv research they offer new perspectives on how researchers formulate design and conduct research in changing knowledge production landscapes through global research experiences the handbook explores not only the critical questions researchers face but also the innovative strategies they employ in this complex field of enquiry key topics covered include intersectional perspectives on neurodiversity and power relations in academic research gbv in the context of debates around the concept of gender gbv as an analytical tool and as an observable phenomenon the challenges and opportunities of conducting feminist research on gbv epistemological violences and the study of gbv against transgender identified people gbv in university contexts and the triple roles researchers face as teachers and providers of pastoral support feminist research ethics methodological designs to explore silence in gbv the dilemmas of perpetrators participation in research the use of digital media as a way to conduct and trace gbv in ever more online social interactions the use of quantitative methods and its challenges to shed light on historically ignored forms of gbv the practical and analytical implications of conducting international surveys and within larger policy and advocacy strategies explorations on the use of arts in research from music elicitation to butoh dance intersectionality in fieldwork practices the problematisation of taken for granted gbv concepts participatory and collaborative research methods ethics and analytical frameworks the policy and advocacy uses of research and its dilemmas in third sector organisations and the use of social theory as an analytical and practice based transformative tool the routledge international handbook of gender based violence research is a landmark resource for graduate students scholars applied researchers and policy practitioners critically engaging with the nexus of epistemology methodology and ethics in research and more specifically in the study of gender violence and social inequality

the most widely used anthology of feminist writings and the first to incorporate issues of sexual orientation and sexual diversity feminist frontiers has stood the test of time with classic and contemporary readings that cut across disciplines and generational lines feminist frontiers presents the full diversity of women s issues and experiences exploring their similarities as well as their interconnected differences feminist frontiers offers analyses of the causes and consequences of gender inequality in a global context and introduces students to feminist theory and methodology a sociological analysis opens each of the four parts and eleven sections of the book boxed inserts featuring personal stories news articles and other items from popular culture complement the readings

this volume advances a new approach to ethics living ethics as an ethical and philosophical orientation living ethics offers a refreshing

perspective on how difficult human situations become opportunities for co learning and co creative ethical thinking living ethics starts with the observation that moral problems are living and vital problems that affect our daily lives it orients scholarship and practice by using theory in a pragmatic way to solve real life problems by fostering spaces for dialogical reflection on these problems and by working closely together with stakeholders to co imagine solutions central to living ethics are human flourishing interconnectedness dialogue responsiveness moral spaces and epistemic justice and humility the chapters in this volume are divided into three parts the first part introduces and discusses ideas central to living ethics such as ethics as a way of life co learning and epistemic humility the second part features several examples of practices and projects informed by a living ethics stance in wide ranging contexts such as public policy substance use healthcare aging and research the third part features open ended discussions and reflections on models of governance and implementation to propel ideas central to living ethics in areas such as international relationships education research ethics and healthcare living ethics in theory and practice will be of interest to a wide range of scholars graduate students and practitioners working notably in ethics philosophy and the humanities social science psychology healthcare and policy

this book offers a gendered perspective on leadership in war and peace considering leadership in its complexity and presenting a practical examination of both leadership successes and failures the work challenges readers to think through and discuss specific aspects of leadership including how and why leadership diversity matters and the ethical challenges presented by the revolving door of the military industrial complex further leaders responsible for decisions involving war and peace must be able to understand appreciate and communicate effectively with everyone they work with and have a repertoire of leadership styles to use depending on context the book represents an excellent tool for developing such skills as it uniquely considers leadership through both male and female lenses along with the experiences and perspectives of multiple military government and industry leaders interviewed by the author making it both relatable and informative this book will be of much interest to students of gender studies leadership studies defense studies and military studies in general as well as military and security practitioners

the most widely used anthology of feminist writings and the first to incorporate issues of sexual identity and sexual diversity feminist frontiers has stood the test of time with both classic and contemporary readings on cutting edge topics that cut across disciplinary and generational lines this text presents the full diversity of women s lives exploring commonalities as well as interconnected differences feminist frontiers offers analyses of the causes and consequences of gender inequality in interaction with class race ethnicity sexuality ability and nationality this anthology also introduces students to feminist theory and methodology this edition maintains consistent coverage of diverse ethnicities and a global perspective with greater attention to transgender issues and

disability
